

## Steps to Installing and Registering the MCO Connect App for Parents

1. Download the MCO Connect App from Apple Apps Store or Google Play.
2. After installation, tap on the App icon to register. Registration allows the App to link your mobile number to your child.

A screenshot of the MCO Connect app's registration screen. It has a black header with the MCO logo and the word 'Registration'. Below are several input fields: 'User Type' with 'Student' selected, 'Login ID' with '\$1512304Sp', 'School ID' with 'primary', and 'Password' with a masked field of dots. A 'Register' button is at the bottom.

3. On the Registration screen, select either 'Father', 'Mother' or 'Guardian' for User Type.

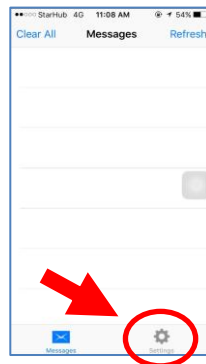

4. Enter 'p\_child's login ID' as Login ID and 'sbwps' as School ID.

5. Enter 'parent01' as password for first-time login. Then tap on 'Register'.

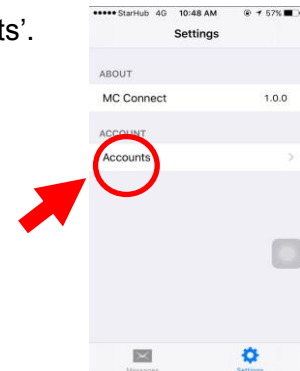

6. After successful registration, you will see the "Messages" screen.

For parents with more than 1 child in school,

7. Tap on "Settings" at the bottom of the screen to be linked to another child.

8. Tap on 'Accounts'.

9. Tap on the '+' on the top right corner and repeat the above steps with the other child's Login ID.
