MOE's Key Directions

FUTURE-READY LEARNERS, ROOTED IN VALUES
SEMBAWANG PRIMARY SCHOOL

Future of Learning

A movement to transform *what and how our students learn* so that they are able to *thrive and harness opportunities* in our *rapidly changing world*

Strengthen 21CC

Reimagine learning spaces and partnerships to provide rich learning contexts

Educational Technology as capability multiplier

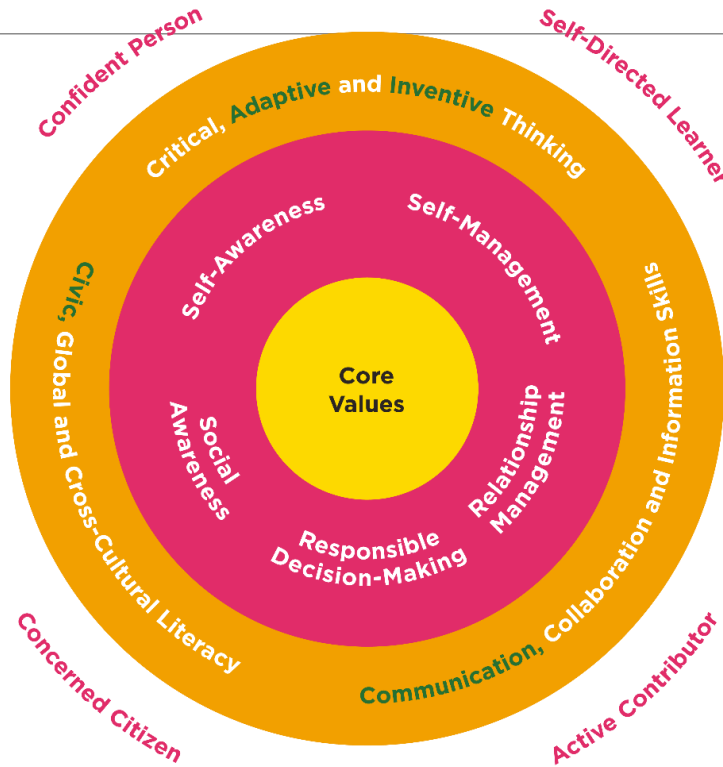

Enhanced Framework for 21CC

Adaptive Thinking

- **Confident** in navigating situations without established answers
- **Resilient** in the face of failure
- **Nimble** in responding to changing contexts

Civic Literacy

- **Discerning** to critically assess online information and evaluate societal issues holistically
- **Willing to act** with shared commitment and ideals when engaging with social and global issues, while remaining rooted in the Singapore context

Inventive Thinking

- **Curious** and **reflective** about what they learn, while being driven by a sense of purpose
- **Cognitively flexible** in approaching problem-solving

Communication

- **Courageous** and **spontaneous** in communicating ideas to persuade others
- **Open-minded** and **empathetic** when collaborating across cultures

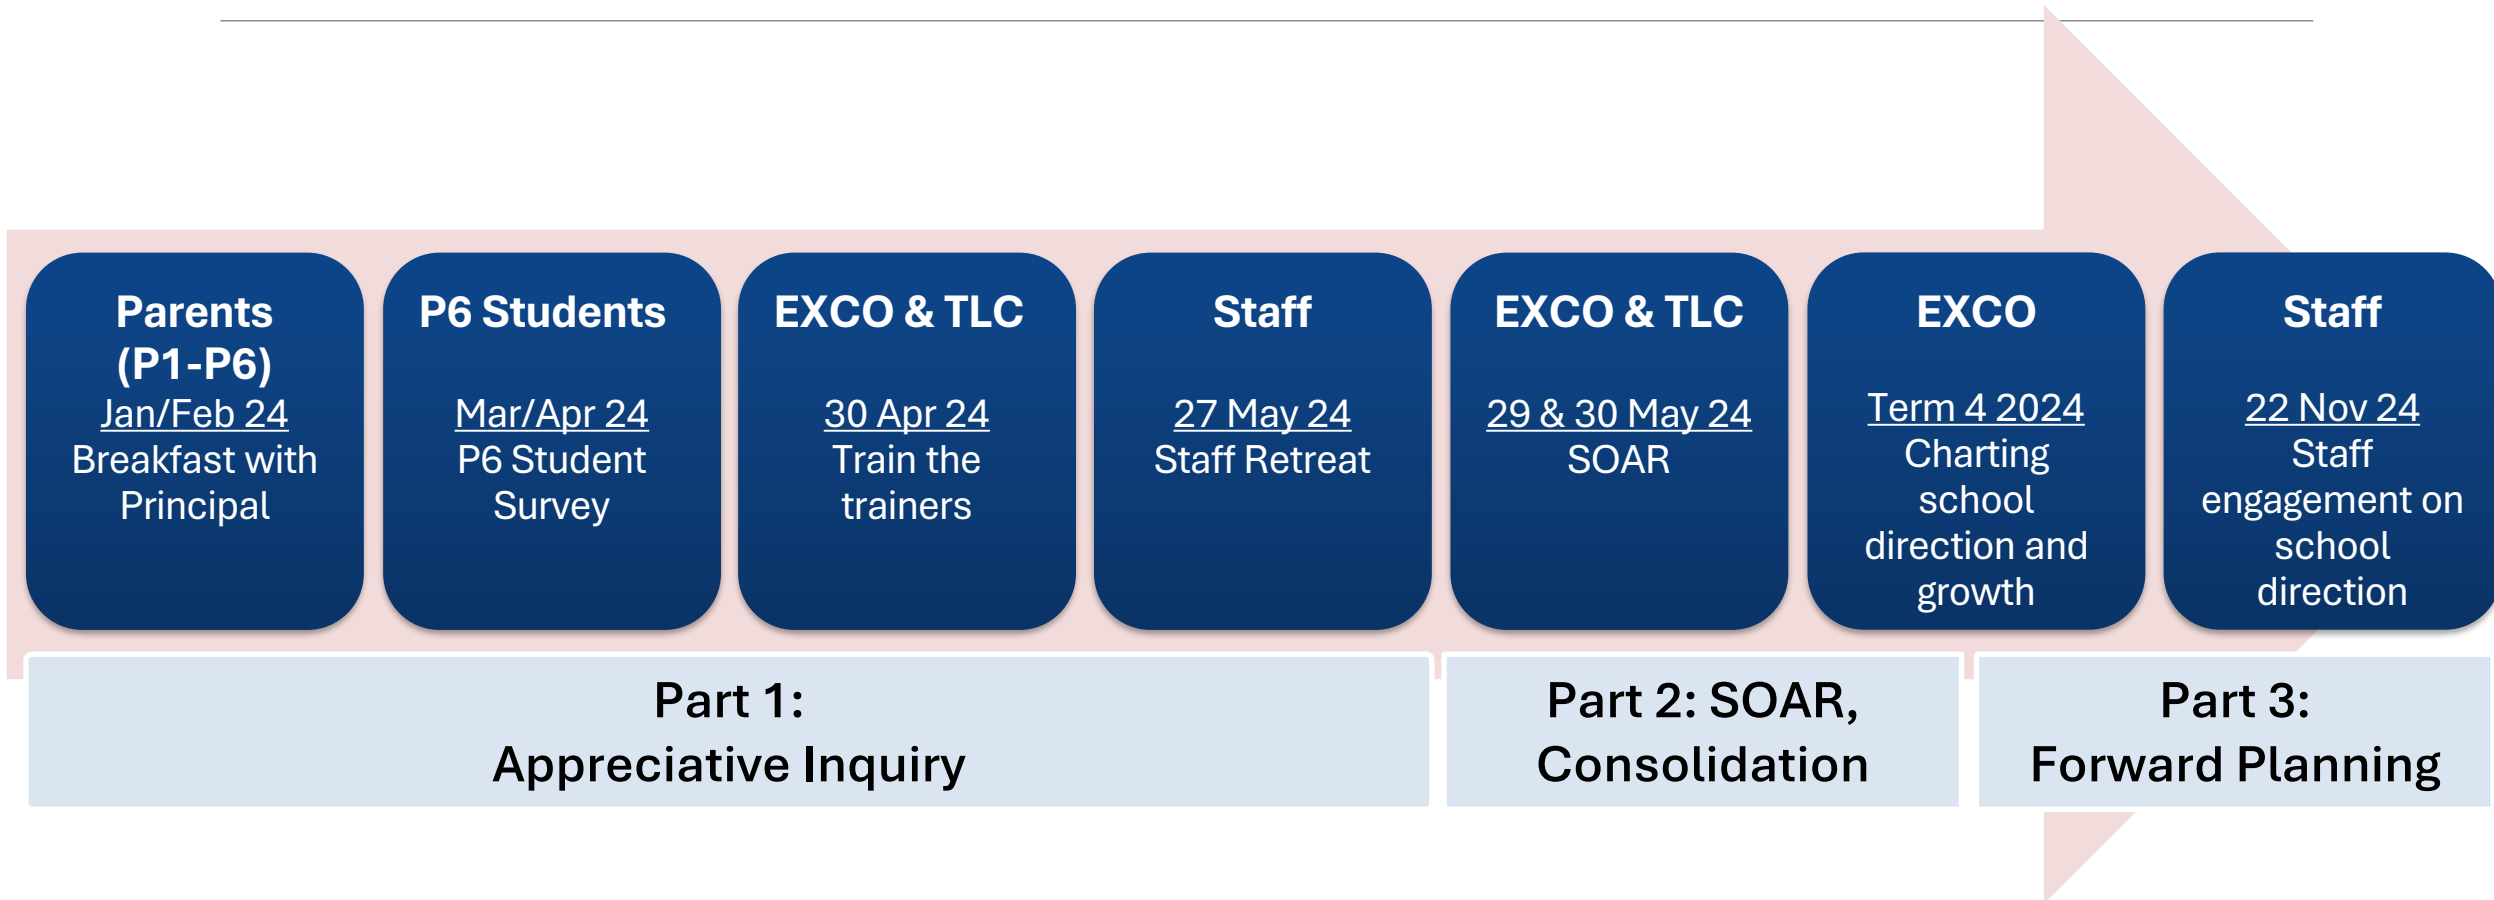

Our School Strategic Direction

FUTURE-READY LEARNERS, ROOTED IN VALUES
SEMBAWANG PRIMARY SCHOOL

Collectively Redefining Our Strategic Direction

Our School Vision

Future-Ready Learners, Rooted in Values

Future-ready learners are *reflective contributors* and *compassionate leaders*. They are *confident* and *self-directed* individuals who are able to thrive in a rapidly changing and highly interconnected world.

Learners who are **rooted in values** *embrace* and *live out* the school values in their daily lives. School desires to see all our learners being *steadfast* and *unwavering* in demonstrating these values.

Our School Mission

Nurturing Future-Ready Learners in a Vibrant Community

We **nurture future-ready learners** by providing *holistic education* with innovative, effective pedagogies and cultivating a *Growth Mindset* in our students.

A **vibrant community** makes *learning an adventure* and promotes *student agency*. We achieve this through designing, creating and building (1) a caring and enabling environment, (2) engaging learning experiences and spaces, and (3) meaningful collaboration with key stakeholders and partners.

Our School Values

Student Outcomes

A *Reflective Contributor* has a **Growth Mindset** towards learning and displays the values of **curiosity, excellence** and **resilience**.

A *Compassionate Leader* is able to **lead self and others** by contributing to the community and displaying the values of **care, gratitude** and **integrity**.

SEMBAWANG PRIMARY STRATEGIC PLAN: 2025 - 2027

Respectful Communication

**Foster kind words and actions
between schools and educators**

Listen to and understand each other's perspectives and concerns regarding each child

Communicate kindly using official channels. Teachers are not required to share their personal mobile numbers

Respect each other's time by communicating during working hours

FUTURE-READY LEARNERS, ROOTED IN VALUES

Role Models

Show our children the skills and values they need for life

Find joy in everyday experiences with our children

Instill confidence by encouraging responsibility and believing in our children's abilities

Model good values in words and actions

FUTURE-READY LEARNERS, ROOTED IN VALUES

Check out this video on MOE YouTube for tips on how parents can support the social-emotional learning of their children.

Real Connections

Cultivate strong relationships and healthy habits in this digital age

Establish good habits for our children to stay confident and in control of their technology use

Provide a balanced mix of engaging online and offline activities, at school and at home

Build strong bonds through shared experiences and meaningful conversations

How can parents help their child develop good digital habits?

- As parents/guardians, you play a significant role in helping your child establish healthy digital habits, and learn to use technology in a positive and meaningful way.
- Here are some ways:
 - **Role model good digital habits** for your child/ward (e.g. parents/guardians not using devices during mealtimes).
 - **Have regular conversations with your child** to better understand what they do online, how to stay safe and how to use technology in a responsible manner.
 - **Discuss and develop a timetable with your child** to moderate their time spent on screens.
- For more content to support your parenting in the digital age and more, please scan the QR code at the top right-hand corner to access the **Parenting for Wellness** Toolbox for Parents.

 Navigating the Digital Age

Page 1 of 2

Helping Your Child Manage Device Use & Stay Safe Online

Develop a Family Screen Use Plan

- A family screen use plan consists of screen use rules, their consequences and screen-free activities that the family can engage in.
- As a family, create your screen use rules by discussing and agreeing on expectations of screen use and the consequences of breaking these rules clearly.

Your screen use rules can include:

 Device-free times and places

 Time limit for devices

- “What are some suggestions on when and where devices should not be used?”
- “What should we do if we break our agreement?”
- Decide as a family what screen-free activities you want to engage in, like going outdoors, playing sports or playing board games together.
- “What screen-free activities do you think we can do together?”
- Engaging your child in the process of creating screen use rules and inviting them to suggest activities to do together helps increase their ownership of the whole family screen use plan.
- “What do you think of our screen use rules?”

Role Model Behaviours and Have Open Conversations

- Be consistent in role modelling positive screen use behaviours and habits.
- Engage your child in open conversations about their online activities, how to navigate the online space and its associated challenges. For example:
 - State observation: “I noticed you have been spending a lot of time on your device.”
 - Ask open-ended questions: “What do you usually do on your device?”

How can parents better support their child's digital habits?

Achieving balanced screen time

- **Screen time** refers to the amount of time spent using devices each day. Having some screen time can be beneficial, such as when your child uses devices to learn and connect with others.
- However, it is important to be aware that **spending an excessive amount of time using devices is unhealthy**, as it is associated with insufficient good quality sleep, sedentary behaviours, increased obesity, and poorer mental health and well-being.
- **Discuss and develop a timetable** with your child to moderate their time spent on screens.
- Children aged 7 – 12 should have **consistent screen time limits**.

Using parental controls to manage device use and stay safe online

- **Parental controls** refer to a group of settings that put you **in control of what your child can see and do on a device or online**.
- Such controls can allow you to **supervise and monitor your child's online activities and protect them** from inappropriate content, online sexual grooming, cyberbullying and other online risks.
- Parental control settings can be used to **monitor and limit screen time** as agreed with the child.

How can parents better communicate with their child on digital habits and matters?

Providing a safe space for conversations	<ul style="list-style-type: none"> • It can be challenging to grapple with uncomfortable feelings and negative thoughts. • Children may hesitate to share their true thoughts and feelings with their parents, as they may fear being judged or misunderstood. • You can let your child know that it is normal to feel or think the way they do, and that they can feel safe expressing themselves with you.
Role modelling respectful conversations	<ul style="list-style-type: none"> • When your child learns to engage in respectful conversations, they become a better communicator and friend. • Parents are in the best position to role model these skills through daily interactions with your child. • Listen to understand, instead of listening in order to give advice and offer solutions.
Have regular and open conversations	<ul style="list-style-type: none"> • Have regular conversations to better understand what your child does online. <ul style="list-style-type: none"> • Is it school work or are they engaging in recreational activities? • For example: <ul style="list-style-type: none"> • State observation: “I noticed you have been spending a lot of time on your device.” • Ask open-ended questions: “What do you usually do on your device?” • Communicate your actions and rationale. Let your child know you care for them and want them to be safe online.

RECESS BUDDY REFLECTION

Reflect on how you helped your buddy during recess. Think about the support you provided and how it made a difference.

Getting Ready for Recess

☐ I reminded my buddy to bring down everything they needed for recess.

At the canteen

☐ I reminded my buddy to take out their money or card to buy their food.

☐ I reminded my buddy to tell the canteen vendor what they wanted clearly.

Eating and Cleaning Up

☐ I reminded my buddy to wash their hands before eating.

☐ I showed my buddy how to wipe down the table after eating.

☐ I guided my buddy to clear all rubbish and return plates, bowls, and cups to the correct bin.

One thing I did well as a buddy was.....
